The Vancouver School of Decorative and Applied Arts

THE School of Decorative and Applied Arts was founded for the purpose of training students in all branches of the Decorative and Applied Arts, and in the Fine Arts of Drawing, Painting, Design, Modelling and Architecture.

To this end, it offers a course of training of university standard, which, if consistently followed, will provide the students with the knowledge necessary for practising in the various fields of art expression.

All students during their first year are given a general art training carefully organized.

In the second year there is a further development of the subjects covered in the first year.

The third and fourth years constitute the Diploma Course, during which the students concentrate on those subjects necessary for gaining the Diploma in Drawing and Painting, Design, or Modelling. Students wishing to take the Diploma Course must have first obtained the certificate of the first and second year General Course.

ROOMS AND EQUIPMENT

The several rooms are well furnished and contain all necessary equipment for study. A pottery kiln and looms for the making of hand-woven rugs is included in the School equipment.

LIBRARY

A valuable art reference library is available for the use of students, while current art periodicals can also be studied.

STUDENTS' CLUB

The social activities of the School are managed by a Students' Council subject to the approval of the Director. Membership in this Club is expected of all registered day students. Fees: \$1.00 per annum, payable on registration.

ADMISSION

The School is open for Day Classes from 9 a.m. to 3.15 p.m. and for the Evening Classes from 7.30 p.m. to 9.30 p.m. Classes are open to men and women students over sixteen years of age.

The Saturday morning Junior Classes are open to boys and girls of Senior Public School grades and High School grades.

All new students should fill in the enclosed preliminary application form, and be prepared to submit examples of their work for inspection. Those seeking admission to advanced divisions must also submit specimens of work, and give proof of previous art training. Students entering the Evening Classes must register for First Year work until proved efficient.
